

WHAT WE ARE

A vibrant community hub that is inclusive, generous, sustainable and ethical

WHAT WE DO

We build skills, knowledge and activities through

- Valued courses and activities that meet community and visitor needs and interests
- Strong partnerships for course and activity development with employers, schools and community groups

We connect the community through

- Vibrant engagement and participation by a range of community groups
- Extensive use of online and virtual technology for communication and engagement
- An annual community engagement program
- Regular news and information for the community
- Systematic fund raising from grant bodies, business and individuals to develop programs and facilities

We provide facilities and support through

- High quality well used facilities for meetings, courses and business services
- Excellent administrative systems and support for community organisations

HOW WE ACT

We will provide a work place of choice:
A professional, efficient and sustainable organisation with excellent governance and leadership
